

## E-Cut diamond saw blade

Diamond coating for outstanding service life. Gentle sawing with perfect, clean cut edges in carbon fibre-reinforced plastic/fibreglass-reinforced plastic materials without delamination. Particularly well suited to precise cut-outs and short cuts. Precise working into the corners and on edges.

Product number: 6 35 02 193 21 0

### Technical data

#### TECHNICAL DATA

|        |              |
|--------|--------------|
| Width  | 35 mm        |
| Length | 50 mm        |
| Mount  | StarlockPlus |

### Suitable for the following tools

- |                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                         |
